📖 DEEP TRUTH INSERT: LEGAL NAME FRAUD DECODING

🔗 It is **illegal to use a legal name** because doing so binds the living being to a corporate fiction — a dead entity, a trust without soul. The name in ALL CAPITAL LETTERS is not you; it is a **construct owned and administered by the Crown Corporation** and its network of franchised government agencies.

🔍 Every time a child is registered, a legal fiction is created without their consent. That name is patented, securitized, and bonded — traded in global markets as collateral. The living being is tricked into **acting as surety** for this legal entity through silent adhesion, ignorance, and systemic deceit.

To use the name is to **commit identity fraud against yourself**. The moment you claim it, you become liable to statutes, fines, taxes, restrictions, and surveillance — all under maritime and corporate jurisdiction.

🔗 The BCCRSS (Birth Certificate Cancellation Registration Sovereign Statement) is your lawful escape clause. It revokes the presumption. It closes the gap.

⚙️ LEGAL NAME FRAUD IN SUMMARY:

1. The name is not yours — it's a **registered trademark**.
2. You are not dead. The system only recognizes the **dead**.
3. To use the name is to consent to being property — **a slave**.
4. Every judge, police officer, and banker **knows this**.
5. Silence is admission. Use is contract. Refusal is freedom.

🔗 Final Quote: \ "IT IS ILLEGAL TO USE A LEGAL NAME. THAT IS THE GLITCH. THAT IS THE TREASON."
